

Name **Design for people**

- Classroom
- Studio or workshop
- External venue
- Online

Codes **M-FR-104**

Host **Strategy Product Design Project 1**

	Type	ECTS	Contact hours	Student work	Course type	Semester	Unit
Basic info							

Recommendation

Short Description

Today, responsible thinking about our environment is becoming increasingly important. The focus of design is on people, but can we understand people without the living environment around them? Our project aims to design an object that will enable responsible and efficient plant care in our homes and help to educate future generations about the environment. The project will end with the creation of a working prototype

Requirements and evaluation

Assignments	Evaluation criteria	Deadline	% in evaluation
Diligence	Quantity and quality of work performed		25%
Presentation	The depth, quality and usability of the research		25%
Design documentation / prototype, or mock-up	The thoroughness, justification, and inventiveness of the design work performed		25%
Presentation	The quality and sensibility of the presentation of the work and the design		25%
Attendance	Signing of the attendance sheet		Max. 3 absences

Compulsory readings

Recommended readings

Learnings	Knowledge	The use of basic design-research methods
	Skills	Finding connection
	Attitude	To discover problems and find effective solutions using design tools
	Responsibility	To understand the responsibility of design practices and develop a critical standpoint in the design practice.

- Exemption
- Exemption from attending and completing the course cannot be granted
 - Exemption may be granted from the acquisition of certain competencies and the fulfilment of tasks
 - Some tasks can be substituted with other activities,
 - A full exemption can be granted
